Docket - 220

FEDERAL COMMUNICATIONS COMMISSION  
WASHINGTON, D.C. 20554

17 MAR 1993

POLICY & PLANNING  
BRANCH ROOM 5202

IN REPLY REFER TO:

7330-7/1700A3

RECEIVED

MAR 24 1993

FEDERAL COMMUNICATIONS COMMISSION  
OFFICE OF THE SECRETARY

Honorable Bob Graham  
United States Senator  
Post Office Box 3050  
Tallahassee, Florida 32315

Dear Senator Graham:

This is in reply to your letter of February 23, 1993, in which you inquired on behalf of your constituent, Troy O. Price, regarding the Notice of Proposed Rule Making (Notice) in PR Docket No. 92-235, 57 FR 54034 (1992). This Notice proposes comprehensive changes to the Commission's Rules governing the private land mobile radio services operating in the frequency bands below 512 MHz.

Your constituent is specifically concerned about the impact of these changes on radio control (R/C) hobby users. Enclosed is a discussion paper concerning our proposals for the 72-76 MHz band. In short, we expect there would be no adverse impact on R/C operations because of any proposal contained in the Notice.

We are, of course, sensitive to the concerns of both users of private land

The Honorable Bob Graham  
241 Dirksen Senate Office Building  
Washington, D. C. 20510

Dear Senator Graham:

I am a physically handicapped person, and have been  
physically limited all my life due to Duchenne Muscular

Please understand that some of the models in our club have wing spans up to 10 feet and weigh up to 40 pounds. The models themselves are expensive to build; but of greater concern, they are capable of causing property damage, serious injury, or even death if radio interference causes the operator to loose control of the craft. Our club frequently sponsors organized events and contests where hundreds of operators participate, and even more watch from nearby. We need the use of our full compliment of radio control frequencies in order to ensure a safe flying
